### About Coherus BioSciences, Inc.

Coherus is a late-stage clinical biologics platform company focused on the global biosimilar market. Headquartered in the San Francisco Bay Area and composed of a team of industry veterans with decades of experience in pioneering biologics companies, our goal is to become a global leader in the biosimilar market by leveraging our team's collective expertise in key areas such as process science, analytical characterization, protein production and clinical-regulatory development. Coherus' commercialization partnerships include global pharmaceutical companies in Europe, Asia and Latin America.

Biosimilars are intended for use in place of existing, branded biologics to treat a range of chronic and often life-threatening diseases, with the potential to reduce costs and expand patient access. For additional information, please visit [www.coherus.com](http://www.coherus.com).
