

Coherus Prices Public Offering of Common Stock

May 23, 2016

REDWOOD CITY, Calif., May 23, 2016 (GLOBE NEWSWIRE) -- Coherus BioSciences, Inc. (Nasdaq:CHRS), a leading pure-play, global biosimilars company with late-stage clinical products, today announced the pricing of its underwritten public offering of 3,500,000 shares of its common stock at a price to the public of \$18.00 per share. All of the shares of the common stock to be sold in the offering will be offered by Coherus. In addition, Coherus has granted the underwriter a 30-day option to purchase up to an additional 525,000 shares of its common stock at the public offering price, less the underwriting discount.

Coherus intends to use the substantial majority of the net proceeds from this offering to fund manufacturing and related activities for late-stage products, and any remaining proceeds for working capital and other general corporate purposes.

The offering is expected to close on or about May 26, 2016, subject to satisfaction of customary closing conditions.

Barclays is acting as the sole book-running manager and underwriter for the offering.

A registration statement (including a prospectus) relating to these securities has been filed with the U.S. Securities and Exchange Commission (SEC) and became effective on January 21, 2016. This press release shall not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About Coherus BioSciences, Inc.

Coherus is a leading pure-play, global biosimilar platform company that develops and commercializes high-quality therapeutics for major regulated markets. Biosimilars are intended for use in place of existing, branded biologics to treat a range of chronic and often life-threatening diseases, with the potential to reduce costs and expand patient access. Composed of a team of industry veterans with expertise in process science, analytical characterization, protein production and clinical-regulatory development, Coherus' goal is to become a leader in the global biosimilar marketplace. Coherus is advancing three late-stage clinical products towards commercialization, CHS-1701 (pegfilgrastim biosimilar), CHS-0214 (etanercept biosimilar) and CHS-1420 (adalimumab biosimilar), as well as developing a robust pipeline of future products, including CHS-5217 (bevacizumab biosimilar) and CHS-3351 (ranibizumab biosimilar).
