**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 22, 2019**

To the Stockholders of Coherus BioSciences, Inc.:

The 2019 Annual Meeting of Stockholders, or the 2019 Annual Meeting, of Coherus BioSciences, Inc., a Delaware corporation, or the Company, will be held on May 22, 2019 at 3:00 p.m. local time at the offices of Latham & Watkins LLP, 140 Scott Drive, Menlo Park, CA 94025 for the following purposes:

1. To elect three Class II directors to hold office until the 2022 Annual Meeting of Stockholders or until their successors are elected;
2. To ratify the selection, by the Audit Committee of our Board of Directors, of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2019; and
3. To transact such other business as may properly come before the 2019 Annual Meeting or any adjournment or postponement thereof.

The foregoing items of business are more fully described in the proxy statement accompanying this Notice. Only stockholders who owned the Company's common stock at the close of business on March 29, 2019 may vote at the 2019 Annual Meeting or any adjournments or postponements that take place.

We have elected to provide our proxy materials to our stockholders over the internet as permitted by the rules of the U.S. Securities and Exchange Commission. As a result, we are mailing most of our stockholders a paper copy of the Notice of Internet Availability of Proxy Materials, or the Notice, but not a paper copy of our proxy statement and our 2018 Annual Report to Stockholders. This process allows us to provide our proxy materials to our stockholders in a timelier and more readily accessible manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. The Notice contains instructions on how to access those documents over the internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2018 Annual Report to Stockholders and a form of proxy card or voting instruction card. All stockholders who have previously requested a paper copy of our proxy materials will continue to receive a paper copy of the proxy materials by mail.

You are cordially invited to attend the 2019 Annual Meeting in person. Whether or not you plan to attend the 2019 Annual Meeting, please vote as soon as possible. You may vote over the internet or by a toll-free telephone number. If, however, you requested to receive paper proxy materials, then you may vote by mailing a complete, signed and dated proxy card or voting instruction card in the envelope provided. Please note that any stockholder attending the 2019 Annual Meeting may vote in person, even if the stockholder has already returned a proxy card or voting instruction card.

Our Board of Directors recommends that you vote **"FOR"** the election of its director nominees and **"FOR"** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

By Order of the Board of Directors:

PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 22, 2019

IMPORTANT NOTICE REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 22, 2019

This proxy statement and our 2018 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, are available at our website at www.coherus.com and at www.proxyvote.com.

QUESTIONS AND ANSWERS REGARDING THE PROXY MATERIALS AND THE VOTING PROCESS

Why am I receiving these proxy materials?

We have made these proxy materials available to you on the internet or, upon your request, have delivered paper proxy materials to you, because the Board of Directors of Coherus BioSciences, Inc., or the Company, is soliciting your proxy to vote at the 2019 Annual Meeting of Stockholders, or the 2019 Annual Meeting, or any adjournments or postponements that take place. The 2019 Annual Meeting will be held on May 22, 2019 at 3:00 p.m. local time at the offices of Latham & Watkins LLP, 140 Scott Drive, Menlo Park, CA 94025. As a stockholder, you are invited to attend the 2019 Annual Meeting and are requested to vote on the proposals described in this proxy statement. However, you do not need to attend the 2019 Annual Meeting to vote.

What is included in the proxy materials?

The proxy materials include:

- This proxy statement, which includes information regarding the proposals to be voted on at the 2019 Annual Meeting, the voting process, corporate governance, the compensation of our directors and certain executive officers, and other required information;
- Our 2018 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2018; and
- The proxy card or a voting instruction card for the 2019 Annual Meeting.

The proxy materials are being mailed or made available to stockholders on or about April 10, 2019.

Why did I receive a Notice of Internet Availability of Proxy Materials, or the Notice, in the mail instead of a complete set of paper proxy materials?

We have elected to provide our proxy materials to our stockholders over the internet as permitted by the rules of the U.S. Securities and Exchange Commission, or SEC. As a result, we are mailing most of our stockholders a paper copy of the Notice, but not a paper copy of the proxy materials. This process allows us to provide our proxy materials to our stockholders in a timelier and more readily accessible manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. The Notice contains instructions on how to access the proxy materials over the Internet, and how to request a paper copy of the proxy materials. All stockholders who have previously elected to receive a paper copy of our proxy materials will continue to receive a paper copy of the proxy materials by mail until the stockholder terminates such election.

Why did I receive a complete set of paper proxy materials in the mail instead of a Notice of Internet Availability of Proxy Materials?

We are providing stockholders who have previously requested to receive paper copies of the proxy materials with paper copies of the proxy materials instead of the Notice. If you would like to reduce the environmental impact and the costs incurred by us in printing and distributing the proxy materials, you may elect to receive all future proxy materials electronically via email or the internet. To sign up for electronic delivery, please follow the instructions provided with your proxy materials and on your proxy card or voting instruction card.

Who can vote at the 2019 Annual Meeting?

Only stockholders of record at the close of business on March 29, 2019 will be entitled to vote at the 2019 Annual Meeting. On this record date, there were 69,338,697 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, at the close of business on March 29, 2019, your shares were registered directly in your name with our transfer agent, Equiniti Trust Company Shareowner Services, then you are a stockholder of record. As a stockholder of record, you may vote in person at the 2019 Annual Meeting or vote by proxy. Whether or not you plan to attend the 2019 Annual Meeting, please vote as soon as possible by completing and returning the enclosed proxy card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If, at the close of business on March 29, 2019, your shares were not held in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the 2019 Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent how to vote the shares in your account. You are also invited to attend the 2019 Annual Meeting. However, because you are not the stockholder of record, you may not vote your shares in person at the 2019 Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

What proposals are scheduled for a vote?

There are two proposals scheduled for a vote at the 2019 Annual Meeting:

- Proposal No. 1—To elect three Class II directors to hold office until the 2022 Annual Meeting of Stockholders or until their successors are elected; and
- Proposal No. 2—To ratify the selection, by the Audit Committee of our Board of Directors, of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2019.

How do I vote?

For Proposal No. 1, you may either vote “**FOR**” all nominees to our Board of Directors or you may “**WITHHOLD**” your vote for any nominee you specify. For Proposal No. 2, you may either vote “**FOR**” or “**AGAINST**” or you may abstain from voting.

[Table of Contents](#)

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the 2019 Annual Meeting or vote by proxy by telephone or internet or by mail. Whether or not you plan to attend the 2019 Annual Meeting, please vote as soon as possible to ensure your vote is counted. You may still attend the 2019 Annual Meeting and vote in person even if you have already voted by proxy.

- **To vote in person.** You may attend the 2019 Annual Meeting and we will give you a ballot when you arrive.
- **To vote by proxy by telephone or internet.** If you have telephone or internet access, you may submit your proxy by following the instructions provided in the Notice, or if you received paper proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card.
- **To vote by proxy by mail.** If you received paper proxy materials, you may submit your proxy by mail by completing and signing your proxy card and mailing it in the enclosed envelope. Your shares will be voted as you have instructed.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, dealer or other similar organization, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet as instructed by your broker or other agent. To vote in person at the 2019 Annual Meeting, you must obtain a valid proxy from your broker or other agent. Follow the instructions from your broker or other agent included with these proxy materials, or contact your broker or bank to request a proxy form.

Can I vote my shares by completing and returning the Notice?

No. The Notice will, however, provide instructions on how to vote by telephone, by internet, by requesting and returning a paper proxy card or voting instruction card, or by submitting a ballot in person at the 2019 Annual Meeting.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of the Company's common stock you own as of March 29, 2019.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted "**FOR**" the election of each nominee for director (Proposal No. 1) and "**FOR**" the ratification of the selection of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2019 (Proposal No. 2). If any other matter is properly presented at the 2019 Annual Meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone, or by other means of communication.

[Table of Contents](#)

Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the 2019 Annual Meeting. If you are the stockholder of record of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy with a later date.
- You may send a timely written notice that you are revoking your proxy to the Company's Corporate Secretary at Coherus BioSciences, Inc., 333 Twin Dolphin Drive, Suite 600, Redwood City, California 94065.
- You may attend the 2019 Annual Meeting and vote in person. Simply attending the 2019 Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or other agent, you should follow the instructions provided by your broker or agent.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the 2019 Annual Meeting. On the record date, there were 69,338,697 shares outstanding and entitled to vote. Accordingly, the holders of 34,669,349 shares must be present at the 2019 Annual Meeting to have a quorum. Your shares will be counted toward the quorum at the 2019 Annual Meeting only if you vote in person at the meeting, or you submit a valid proxy vote.

Abstentions and broker non-votes (as described below) will be counted towards the quorum requirement. If there is no quorum, the chairperson of the meeting or the holders of a majority of shares present and entitled to vote at the meeting in person or represented by proxy may adjourn the 2019 Annual Meeting to another date.

How are votes counted?

Votes will be counted by the Inspector of Elections appointed for the 2019 Annual Meeting. The Inspector of Elections will separately count:

- "FOR," "WITHHOLD" and broker non-votes for Proposal No. 1 (the election of directors); and
- "FOR" and "AGAINST" votes, abstentions and, if any, broker non-votes for Proposal No. 2 (the ratification of the selection of Ernst & Young LLP as the independent registered accounting firm of the Company for the fiscal year ending December 31, 2019).

If your shares are held by your broker or other agent as your nominee (that is, held beneficially in "street name"), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker or other agent to vote your shares. If you do not give voting instructions to your broker or other agent, your broker or other agent can only vote your shares with respect to "routine" matters (as described below).

What are “broker non-votes”?

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters are referred to as “non-routine” matters. Proposal No. 1 to elect directors is a non-routine matter, but Proposal No. 2 to ratify the selection of Ernst & Young LLP as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2019 is a “routine” matter. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 2. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposal No. 1. Broker non-votes will not be counted toward the vote total for any proposal at the 2019 Annual Meeting.

How many votes are needed to approve each proposal?

- Proposal No. 1—To elect three Class II directors to hold office until the 2022 Annual Meeting of Stockholders or until their successors are elected. The three nominees receiving the most “**FOR**” votes (from the votes of shares present in person or represented by proxy and entitled to vote on the election of directors) will be elected. Broker non-votes will not be counted towards the vote total for this proposal.
- Proposal No. 2—To ratify the selection of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2019. “**FOR**” votes from the holders of a majority of the shares cast (excluding abstentions and broker non-votes) are required to approve this proposal. Because Proposal No. 2 is considered a “routine” matter, no broker non-votes are expected in connection with this proposal.

How can I find out the results of the voting at the 2019 Annual Meeting?

We will disclose final voting results in a Current Report on Form 8-K filed with the SEC within four business days after the 2019 Annual Meeting. If final voting results are unavailable at that time, then we intend to file a Current Report on Form 8-K to disclose preliminary voting results and file an amended Current Report on Form 8-K within four business days after the date the final voting results are available.

When are stockholder proposals due for next year’s annual meeting?

To be considered for inclusion in the proxy materials for the 2020 Annual Meeting of Stockholders, your proposal must be submitted in writing by December 12, 2019, to the Company’s Corporate Secretary at Coherus BioSciences, Inc., 333 Twin Dolphin Drive, Suite 600, Redwood City, California 94065. However, if the meeting is not held between April 22, 2020 and June 21, 2020, then the deadline will be a reasonable time before we begin to print and mail our proxy materials for that meeting.

If you wish to submit a proposal before the stockholders or nominate a director at the 2020 Annual Meeting of Stockholders, but you are not requesting that your proposal or nomination be included in the proxy materials for that meeting, then you must follow the procedures set forth in our bylaws and, among other things, notify the Company’s Corporate Secretary in writing between January 23, 2020 and February 22, 2020. However, if the date of the 2020 Annual Meeting of Stockholders is more than 30 days before or more than 60 days after May 22, 2020, then you must give notice not later than the 90th day prior to that meeting or, if later, the 10th day following the day on which public disclosure of that annual meeting date is first made. You are also advised to review our bylaws, which contain additional requirements regarding advance notice of stockholder proposals and director nominations.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Our Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Except as otherwise provided by law, vacancies on the Board of Directors may be filled only by individuals elected by a majority of the remaining directors. A director elected by the Board of Directors to fill a vacancy in a particular class, including a vacancy created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until such director's successor is elected and qualified, or until such director's earlier death, resignation or removal.

Our Board of Directors currently consists of eight directors divided into the three following classes:

- The Class I directors are Christos Richards and V. Bryan Lawlis, Ph.D., and their terms will expire at the 2021 annual meeting of the Company's stockholders;
- The Class II directors are Samuel Nussbaum, M.D., Mary T. Szela and Ali J. Satvat, and their terms will expire at the 2019 Annual Meeting; and
- The Class III directors are Dennis M. Lanfear, Mats Wahlström and James I. Healy, M.D., Ph.D., and their terms will expire at the 2020 annual meeting of the Company's stockholders.

Our current Class II directors, Samuel Nussbaum, M.D., Mary T. Szela and Ali J. Satvat, have been nominated to serve as Class II directors and have agreed to stand for election. If the nominees for Class II are elected at the 2019 Annual Meeting, then each nominee will serve for a three-year term expiring at the 2022 Annual Meeting of Stockholders, or until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal.

Our directors are elected by a plurality of the votes cast. If a choice is specified on the proxy card by a stockholder, the shares will be voted as specified. If a choice is not specified on the proxy card, and authority to do so is not withheld, the shares will be voted "FOR" the election of the three nominees for Class II above. If any of the nominees becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for the nominee will instead be voted for the election of a substitute nominee proposed by the Company's management or the Board of Directors. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

The following is a brief biography and discussion of the specific attributes, qualifications, experience and skills of each nominee for director and each director whose term will continue after the 2019 Annual Meeting. Our Board of Directors and management encourage each nominee for director and each continuing director to attend the 2019 Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE THREE CLASS II NOMINEES FOR DIRECTOR.

Dr. Lawlis holds a B.A. in Microbiology from the University of Texas at Austin and a Ph.D. in Biochemistry from Washington State University. PROPOSAL NO. 2
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected Ernst & Young LLP, or EY, as our independent registered public accounting firm for the fiscal year ending December 31, 2019, and is seeking ratification of such selection by our stockholders at the 2019 Annual Meeting. EY has audited our financial statements for the fiscal years ended December 31, 2018 and 2017. Representatives of EY are expected to be present at the 2019 Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of EY as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of EY to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain EY. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and our stockholders.

The affirmative vote of a majority of the shares cast at the 2019 Annual Meeting will be required to ratify the selection of EY.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services to be performed for the Company by the independent registered public accounting firm. This policy is set forth in the charter of the Audit Committee and available at <http://investors.coherus.com>. The Audit Committee has considered the role of EY in providing audit and audit-related services to the Company and has concluded that such services are compatible with EY's role as the Company's independent registered public accounting firm.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC, and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The primary purpose of the Audit Committee is to oversee our financial reporting processes on behalf of our Board of Directors. The Audit Committee’s functions are more fully described in its charter, which is available on our website at <http://investors.coherus.com>.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the Company’s audited financial statements for the fiscal year ended December 31, 2018. The Audit Committee has discussed with EY, the Company’s independent registered public accounting firm, the matters required to be discussed by Auditing Standards No. 61, “Communications with Audit Committees,” issued by the Public Company Accounting Oversight Board, or PCAOB. In addition, the Audit Committee has discussed with EY their independence, and received from EY the written disclosures and the letter required by Ethics and Independence Rule 3526 of the PCAOB. Finally, the Audit Committee discussed with EY, with and without management present, the scope and results of EY’s audit of the financial statements for the fiscal year ended December 31, 2018.

Based on these reviews and discussions, the Audit Committee has recommended to our Board of Directors that such audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC.

CORPORATE GOVERNANCE

Board Composition

Director Independence

Our Board of Directors currently consists of eight members. Our Board of Directors has determined that all of our directors, as well as each individual nominated by our Board of Directors for election to our Board of Directors at the 2019 Annual Meeting, other than Messrs. Lanfear and Richards, qualify as “independent” directors in accordance with the Nasdaq listing requirements. Mr. Lanfear is not considered independent because he is an employee of our company. Mr. Richards is not considered independent because he has served as an executive officer of Catalyst Advisors, LP, which provided executive search services to us.

The Nasdaq independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three years, one of our employees and that neither the director nor any of his family members has engaged in various types of business dealings with us. In addition, as required by Nasdaq rules, our Board of Directors has made a subjective determination as to each independent director that no relationships exist, which, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board of Directors reviewed and discussed information provided by the directors and us with regard to each director’s business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

As described more fully below, the Board of Directors has also determined that each current member of the Compensation Committee, and each current member of the Audit Committee and the Nominating and Corporate Governance Committee, as well as each director and director nominee that we expect to serve on such committees after the 2019 Annual Meeting, meets the independence standards applicable to those committees prescribed by Nasdaq and the SEC.

Classified Board of Directors

In accordance with our amended and restated certificate of incorporation, our Board of Directors is divided into three classes with staggered, three-year terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election.

Leadership Structure of the Board of Directors

Our amended and restated bylaws and corporate governance guidelines provide our Board of Directors with flexibility to combine or separate the positions of Chairman of the Board of Directors and Chief Executive Officer and/or the implementation of a lead director in accordance with its determination that utilizing one or the other structure would be in the best interests of our company. Mr. Lanfear currently serves as the Chairman of the Board of Directors and Mr. Wahlström currently serves as the lead independent director of the Board of Directors. All of our directors are encouraged to make suggestions for Board of Director’s agenda items of pre-meeting materials. In addition, in his role as lead independent director, Mr. Wahlström presides over the executive sessions of the Board of Directors in which Mr. Lanfear, as the Chief Executive Officer, does not participate and serves as a liaison to management on behalf of the independent members of the Board of Directors.

Our Board of Directors has concluded that our current leadership structure is appropriate at this time. However, our Board of Directors will continue to periodically review our leadership structure and may make such changes in the future as it deems appropriate.

Role of the Board of Directors in Risk Oversight Process

Risk assessment and oversight are an integral part of our governance and management processes. Our Board of Directors encourages management to promote a culture that incorporates risk management into our corporate strategy and day-to-day business operations. Management discusses strategic and operational risks at regular management meetings and conducts specific strategic planning and review sessions during the year that include a focused discussion and analysis of the risks facing us. Throughout the year, senior management reviews these risks with the Board of Directors at regular board meetings as part of management presentations that focus on particular business functions, operations or strategies and presents the steps taken by management to mitigate or eliminate such risks.

Our Board of Directors does not have a standing risk management committee, but rather administers this oversight function directly through our Board of Directors as a whole, as well as through various standing committees of our Board of Directors that address risks inherent in their respective areas of oversight. In particular, our Board of Directors is responsible for monitoring and assessing strategic risk exposure. Our Audit Committee is responsible for overseeing our major financial risk exposures and the steps our management has taken to monitor and control these exposures and considers and approves or disapproves any related-persons transactions. The Audit Committee also monitors compliance with legal and regulatory requirements. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Meetings of the Board of Directors and Committees

During 2018, the Board of Directors met four times, the Audit Committee met seven times, the Compensation Committee met twice and the Nominating and Corporate Governance Committee met once. In that year, each director attended at least 75% of the meetings of the Board of Directors and the committees on which he or she served which occurred while such director was a member of the Board of Directors and such committees. As required under Nasdaq rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

- discusses with management and the independent registered public accounting firm the results of the annual audit and the review of our quarterly financial statements;
- approves the retention of the independent registered public accounting firm to perform any proposed permissible audit and non-audit services;
- monitors the rotation of partners of the independent registered public accounting firm on our engagement team as required by law;

Table of Contents

- is responsible for reviewing our consolidated financial statements and our management’s discussion and analysis of financial condition and results of operations to be included in our annual and quarterly reports to be filed with the SEC;
- reviews our critical accounting policies and estimates; and
- reviews the Audit Committee charter and the Audit Committee’s performance.

The current members of our Audit Committee are Mats Wahlström, James I. Healy, M.D., Ph.D. and Ali J. Satvat. Mr. Wahlström serves as the Chairman of the Audit Committee. After the 2019 Annual Meeting, and subject to election by our stockholders in the case of Mr. Satvat, we expect that our Audit Committee will be composed of Mr. Wahlström, as Chair, Dr. Healy and Mr. Satvat.

Each of the current members of our Audit Committee, as well as the expected members of our Audit Committee after the 2019 Annual Meeting, meets or will meet the requirements for financial literacy under the applicable rules and regulations of the SEC and Nasdaq. Our Board of Directors has determined that Mr. Wahlström is an audit committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of Nasdaq. Under the rules of the SEC, members of the Audit Committee must also meet heightened independence standards. Our Board of Directors has determined that each of Messrs. Wahlström and Satvat and Dr. Healy are independent under the heightened independence standards under the applicable rules of Nasdaq. Our Audit Committee has been established in accordance with the rules and regulations of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The Audit Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq. A copy of the Audit Committee charter is available to security holders on the Company’s website at <http://investors.coherus.com>.

Compensation Committee

Our Compensation Committee reviews and approves or recommends policies relating to compensation and benefits of our officers and employees. The Compensation Committee reviews and approves or recommends corporate goals and objectives relevant to compensation of our President and Chief Executive Officer and other executive officers, evaluates the performance of these officers in light of those goals and objectives and approves or recommends to our Board of Directors the compensation of these officers based on such evaluations. The Compensation Committee also approves or recommends to our Board of Directors the grant of stock options and other awards under our stock plans. The Compensation Committee will review and evaluate, at least annually, the performance of the Compensation Committee and its members, including compliance by the Compensation Committee with its charter. The current members of our Compensation Committee are V. Bryan Lawlis, Ph.D., Samuel Nussbaum, M.D. and Mary T. Szela. Ms. Szela serves as the chairperson of the Compensation Committee. After the 2019 Annual Meeting, and subject to election by our stockholders in the case of Dr. Nussbaum and Ms. Szela, we expect that our Compensation Committee will be composed of Ms. Szela, as Chair, and Drs. Lawlis and Nussbaum.

Each of the current members of our Compensation Committee, as well as the expected members of our Compensation Committee after the 2019 Annual Meeting, is or will be an independent under the applicable rules and regulations of Nasdaq, and is or will be a “non-employee director” as defined in Rule 16b-3 promulgated under the Exchange Act. The Compensation Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq. A copy of the Compensation Committee charter is available to security holders on the Company’s website at <http://investors.coherus.com>.

Our Compensation Committee has retained Radford, Inc., or Radford, a nationally recognized compensation consulting firm, to serve as its independent compensation consultant and to conduct market research and analysis on our various executive positions, to assist the Compensation Committee in developing appropriate incentive plans for our executives on an annual basis, to provide the Compensation Committee with advice and ongoing

recommendations regarding material executive compensation decisions, and to review compensation proposals of management. Radford reports directly to the Compensation Committee and does not provide any non-compensation-related services to us. In compliance with the disclosure requirements of the SEC regarding the independence of compensation consultants, Radford addressed each of the six independence factors established by the SEC with our Compensation Committee. Its responses affirmed the independence of Radford on executive compensation matters. Based on this assessment, our Compensation Committee determined that the engagement of Radford does not raise any conflicts of interest or similar concerns. In addition, our Compensation Committee evaluated the independence of its other outside advisors to the Compensation Committee, including outside legal counsel, considering the same independence factors and concluded their work for our Compensation Committee does not raise any conflicts of interest.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for making recommendations to our Board of Directors regarding candidates for directorships and the size and composition of our Board of Directors. In addition, the Nominating and Corporate Governance Committee is responsible for overseeing our corporate governance policies and reporting and making recommendations to our Board of Directors concerning governance matters. The current members of our Nominating and Corporate Governance Committee are Mats Wahlström, V. Bryan Lawlis and Mary T. Szela. Dr. Lawlis serves as the chairperson of the Nominating and Corporate Governance Committee. After the 2019 Annual Meeting, and subject to election by our stockholders in the case of Ms. Szela,, we expect that our Nominating and Corporate Governance Committee will be composed of Dr. Lawlis, as Chair, Mr. Wahlström and Ms. Szela.

Each of the current members of our Nominating and Corporate Governance Committee, as well as the expected members of our Nominating and Corporate Governance Committee after the 2019 Annual Meeting, is or will be an “independent director” under the applicable rules and regulations of Nasdaq relating to nominating and corporate governance committee independence. Following the 2019 Annual Meeting, we will continue to comply with Nasdaq’s rules regarding independent director oversight of director nominations under either Nasdaq Rule 5605(e)(1)(A) or 5605(e)(1)(B). The Nominating and Corporate Governance Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq. A copy of the Nominating and Corporate Governance Committee charter is available to security holders on the Company’s website at <http://investors.coherus.com>.

The Nominating and Corporate Governance Committee will consider individuals who are properly proposed by stockholders to serve on the Board of Directors in accordance with laws and regulations established by the SEC and the Nasdaq listing requirements, our bylaws and applicable corporate law, and make recommendations to the Board of Directors regarding such individuals based on the established criteria for members of our Board of Directors. The Nominating and Corporate Governance Committee may consider in the future whether we should adopt a more formal policy regarding stockholder nominations.

For a stockholder to make any nomination for election to the Board of Directors at an annual meeting, the stockholder must provide notice to the Company, which notice must be delivered to, or mailed and received at, the Company’s principal executive offices not less than 90 days and not more than 120 days prior to the one-year anniversary of the preceding year’s annual meeting; provided, that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, the stockholder’s notice must be delivered, or mailed and received, not later than 90 days prior to the date of the annual meeting or, if later, the 10th day following the date on which public disclosure of the date of such annual meeting is made. Further updates and supplements to such notice may be required at the times, and in the forms, required under our bylaws. As set forth in our bylaws, submissions must include the name and address of the proposed nominee, information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Exchange Act, information regarding the proposed nominee’s indirect and direct interests in shares of the Company’s common stock, and a completed and signed

questionnaire, representation and agreement of the proposed nominee. Our bylaws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for director review a copy of our bylaws, as amended and restated to date, which is available, without charge, from our Corporate Secretary, at Coherus BioSciences, Inc., 333 Twin Dolphin Drive, Suite 600, Redwood City, California 94065.

Board Diversity

Our Nominating and Corporate Governance Committee is responsible for reviewing with the Board of Directors, on an annual basis, the appropriate characteristics, skills and experience required for the Board of Directors as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members), the Nominating and Corporate Governance Committee, in recommending candidates for election, and the Board of Directors, in approving (and, in the case of vacancies, appointing) such candidates, will take into account many factors, including the following:

- personal and professional integrity;
- ethics and values;
- experience in corporate management, such as serving as an officer or former officer of a publicly held company;
- experience in the industries in which we compete;
- experience as a board member or executive officer of another publicly held company;
- diversity of expertise and experience in substantive matters pertaining to our business relative to other board members;
- conflicts of interest; and
- practical and mature business judgment.

Currently, our Board of Directors evaluates each individual in the context of the Board of Directors as a whole, with the objective of assembling a group that can best maximize the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The code of business conduct and ethics is available on our website at <http://investors.coherus.com>. We will disclose any substantive amendments to the code of business conduct and ethics, or any waiver of its provisions, on our website. The reference to our website does not constitute incorporation by reference of the information contained at or available through our website.

Limitation on Liability and Indemnification Matters

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

[Table of Contents](#)

- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under Delaware law.

We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by our Board of Directors. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and our stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage. To the extent the indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

Director Attendance at Annual Meetings

Our Board of Directors has a policy of encouraging director attendance at our annual meetings of stockholders, but attendance is not mandatory. Our Board of Directors and management team encourage all of our directors to attend the 2019 Annual Meeting. Our Chief Executive Officer and Chairman of the Board of Directors, Dennis M. Lanfear, and our director Dr. Samuel Nussbaum attended our 2018 Annual Meeting.

Stockholder Communications with the Board of Directors

A stockholder may communicate with the Board of Directors, or an individual director, by sending written correspondence to the Company's Corporate Secretary at Coherus BioSciences, Inc., 333 Twin Dolphin Drive, Suite 600, Redwood City, California 94065. The Corporate Secretary will review such correspondence and forward it to the Board of Directors, or an individual director, as appropriate.

In September 2014, we executed a task order with Medpace to cover the in-life management of the Phase 3 chronic plaque psoriasis study (a Phase 3, double-

blind, randomized, parallel-group, active-control study to compare the efficacy and safety of CHS-0214 versus Enbrel® in subjects with chronic plaque psoriasis). In June 2015, we executed a task order with Medpace to cover a Phase 3, open-label, safety extension study of CHS-0214. During the year ended December 31, 2018, we recorded approximately \$1.5 million in our consolidated statement of operations for services rendered by Medpace and we paid Medpace approximately \$0.2 million.

Lanfear, our President, Chief Executive Officer and a member of our Board of Directors, owns 10% of the outstanding securities of InteKrin Russia. In September 2018, InteKrin Therapeutics Inc. acquired the remainder of InteKrin Russia's non-controlling interest of 17.5% for \$0.7 million in cash. As a result of this purchase of the non-controlling ownership in InteKrin Russia, Mr. Lanfear, who was one of the non-controlling stockholders of InteKrin Russia, received \$0.4 million in consideration for his shares. Policies and Procedures for Related Party Transactions

Our Board of Directors has adopted a written related person transaction policy setting forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act, any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, where the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person. As provided by our Audit Committee charter, our Audit Committee will be responsible for reviewing and approving any related person transaction and in doing so will consider all relevant facts and circumstances, including, but not limited to, whether the transaction is on terms comparable to those that could be obtained in an arm's length transaction and the extent of the related person's interest in the transaction. Since the adoption of this policy, we have followed all policies and procedures in reviewing, approving and ratifying related person transactions.

COMPENSATION DISCUSSION AND ANALYSIS

General

The following Compensation Discussion and Analysis (“CD&A”) provides information on the compensation arrangements for our named executive officers, or NEOs, and is intended to provide context for the decisions underlying the compensation paid to our NEOs in 2018. This CD&A should be read together with the compensation tables and related disclosures set forth below. Our NEOs for 2018 and their positions at the end of fiscal 2018 were as follows:

- Dennis M. Lanfear, President and Chief Executive Officer;
- Jean-Frédéric Viret, Ph.D., Chief Financial Officer;
- Barbara K. Finck, M.D., Chief Medical Officer;
- Vincent Anicetti, Chief Operating Officer; and
- Vladimir Vexler, Ph.D., Chief Scientific Officer.

Mr. Anicetti was promoted from Executive Vice President, Quality and Compliance to Chief, Quality and Compliance Officer effective March 1, 2018 and to Chief Operating Officer effective May 1, 2018, and Dr. Vexler was promoted from Executive Vice President, Analytical and Translation Sciences to Chief Scientific Officer effective November 16, 2018.

Executive Summary

Pay for Performance. Our executive compensation programs are designed to deliver pay in accordance with corporate and individual performance, rewarding superior performance and providing consequences for underperformance. We believe that compensation of our NEOs for fiscal year 2018 was aligned with the Company’s performance during 2018, in which we successfully executed against our regulatory and commercial readiness goals for CHS-1701, which is commercialized today under the trade name “UDENYCA®”, our CHS-1420, ophthalmology and CHS-131 pipeline development goals, and our general corporate goals, which included specific financial, legal and organizational targeted achievements.

In order to align pay with performance, a significant portion of our NEOs’ compensation is delivered in the form of equity awards and annual cash incentives, the value of each of which depends on our actual performance. For fiscal year 2018, approximately 77% of our NEOs’ total target compensation was in the form of stock options and annual performance-based incentives, in order to focus the management team on long-term performance achievements.

2018 Compensation Highlights. Consistent with our compensation philosophy, key compensation decisions for 2018 included the following:

- **Base Salaries and Target Annual Cash Incentive Opportunities.** Our Compensation Committee determined that our NEOs’ base salaries would be increased 4-4.5% for 2018 and that target bonuses would remain at their 2017 levels, in each case, other than in connection with promotions.
- **Annual Performance-Based Incentives.** For 2018, our Board of Directors selected 37 corporate performance goals for our performance-based annual bonus program that were intended promote our business plan and short-term goals across nine clinical and operational areas. In early 2019, the Board of Directors determined our overall corporate achievement percentage to be 96.43%, and approved payouts under the program at 100% of target for each of our NEOs based on such achievement and in light of extraordinary efforts in late 2018 and early 2019 on critical strategic matters, specifically obtaining dual approval for UDENYCA® in both Europe and the United States. For 2018, our NEOs elected to receive payouts under our annual bonus program in cash or shares of fully vested common stock.

[Table of Contents](#)

- *Equity-Based Long Term Incentives.* In 2018, we granted approximately 63% of our NEOs' total target compensation as equity-based compensation in the form of stock options. We believe that stock options effectively align the interests of our executives with those of our stockholders, providing significant potential upside compensation if our growth objectives are achieved while also placing a significant portion of compensation at risk if our objectives are not achieved. In the event that our executives fail to increase stockholder value over the term of their stock options, or if stockholder value remains stagnant, then our NEOs will realize no value from their stock options.

Compensation Governance and Best Practices. We are committed to having strong governance standards with respect to our compensation programs, procedures and practices. Our key compensation practices include the following:

- *Pay for performance.* A significant portion of executive compensation is "at risk" based on corporate performance or equity-based in order to align the interests of our executive officers with stockholders.
- *Strong link between performance measures and strategic objectives.* Performance measures for incentive compensation are linked to operating priorities designed to create long-term stockholder value.
- *Independent compensation consultant.* The Compensation Committee retains an independent compensation consultant to review our executive compensation program and practices.
- *No guaranteed annual salary increases or bonuses.* Our NEOs' salary increases are based on individual evaluations, and their annual cash incentives are tied to individual and corporate performance.
- *Limited perquisites.* We provide only limited perquisites or personal benefits to our NEOs, and do not consider these to be a significant component of our executive compensation program.
- *No excise tax gross-ups.* We do not provide any gross-ups for excise taxes to our NEOs.
- *No hedging or pledging.* We prohibit our employees and directors from hedging or pledging any Company securities.

Stockholder Advisory Vote on Executive Compensation

At our 2017 annual meeting of stockholders, our stockholders voted in a non-binding advisory vote to approve the compensation of our named executive officers. Our compensation committee reviewed the result of this vote, and, in light of the approval by a substantial majority of our stockholders of the compensation programs described in our 2017 proxy statement (representing over 95% of the shares cast), did not implement any significant changes to our executive compensation program as a result of the vote. At our 2016 annual meeting of stockholders, our stockholders voted in a non-binding advisory vote in favor of having a non-binding stockholder vote on executive compensation once every three years. Consistent with the stated preference of a majority of our stockholders (representing approximately 58% of the shares cast), we anticipate that our next advisory vote on our named executive officers' compensation will be held at our 2020 annual meeting.

Executive Compensation Objectives and Philosophy

The key objective in our executive compensation program is to attract, motivate and reward leaders with the skills and experience necessary to successfully execute on our strategic plan to maximize stockholder value. Our executive compensation program is designed to:

- Attract and retain talented and experienced executives in a competitive and dynamic market;
- Motivate our NEOs to help the Company achieve the best possible financial and operational results;

[Table of Contents](#)

- Provide reward opportunities consistent with our performance on both a short-term and long-term basis; and
- Align the long-term interests of our NEOs with those of our stockholders.

We strive to set our overall total compensation at a competitive level. Executives may be compensated above or below the targeted market position based on factors such as experience, performance, scope of position and the competitive demand for proven executive talent, as described further below under “*Determination of Executive Compensation.*”

Determination of Executive Compensation

Our Compensation Committee is responsible for establishing and overseeing our executive compensation programs and annually reviews and determines the compensation to be provided to our NEOs, other than with respect to our CEO, whose compensation is determined by the Board of Directors.

In setting executive compensation, the Compensation Committee considers a number of factors, including the recommendations of our CEO (other than with respect to himself), current and past total compensation, competitive market data and analysis provided by the Compensation Committee’s independent compensation consultant, Company performance and each executive’s impact on performance, each executive’s relative scope of responsibility and potential, each executive’s individual performance and demonstrated leadership and internal equity pay considerations. Our CEO’s recommendations are based on his evaluation of each other NEO’s individual performance and contributions, of which he has direct knowledge. Our Board of Directors makes decisions regarding our CEO’s compensation, following recommendation from the Compensation Committee.

Competitive Market Data and Independent Compensation Consultant

In order to design a competitive executive compensation program that will continue to attract top executive talent, our Compensation Committee retained Radford as an independent compensation consultant to provide a competitive review of executive compensation, including developing a peer group of public companies, reviewing our executive compensation program covering cash and equity, and analyzing peer practices. In March 2017, in consultation with Radford, our Compensation Committee selected our peer group as follows:

- Acceleron Pharma
- Adamas Pharmaceuticals
- Agios Pharmaceuticals
- Amicus Therapeutics
- Atara Biotherapeutics
- bluebird bio
- Clovis Oncology
- Depomed
- Dermira
- Epizyme
- Five Prime Therapeutics
- Flexion Therapeutics
- Geron
- Karyopharm Therapeutics
- Kite Pharma
- Momenta Pharmaceuticals
- New Link Genetics
- Portola Pharmaceuticals
- Prothena
- Radius Health
- Sage Therapeutics
- Sarepta Therapeutics
- Ultragenyx Pharmaceutical

Our peer group was selected using the following criteria: (i) later stage pre-commercial companies and early stage commercial companies; (ii) companies located in geographic biotechnology hubs; (iii) newly public companies or other newly commercial organizations; (iv) companies with market capitalizations between \$300 million to \$3 billion with a median value roughly equivalent to the Company’s current valuation; and (v) companies with between 50 and 500 full time equivalent employees. As of April 2017, as compared to such peer group, we were at the 96th percentile for 12-month trailing revenues, the 41th percentile for 30-day average market capitalization and the 48th percentile for headcount.

For 2018, the Compensation Committee considered this peer group to help structure a competitive executive compensation program, with particular consideration of the 75th percentile of the peer group, which it deemed

[Table of Contents](#)

necessary and appropriate to attract and retain executive talent in the market with which we compete. While the Compensation Committee does not establish compensation levels solely based on a review of competitive data, it believes such data is a useful tool in its deliberations as our compensation policies and practices must be competitive in the marketplace for us to be able to attract, motivate and retain qualified executive officers.

Components of Compensation

The primary elements of our NEOs' compensation and the main objectives of each are:

- *Base Salary.* Base salary attracts and retains talented executives, recognizes individual roles and responsibilities and provides stable income;
- *Annual Performance-Based Incentive Compensation.* Annual performance bonuses promote short-term performance objectives and reward executives for their contributions toward achieving those objectives; and
- *Equity Based Long-Term Incentive Compensation.* Equity compensation, provided in the form of stock options, aligns executives' interests with our stockholders' interests, emphasizes long-term financial and operational performance, and helps retain executive talent.

In addition, our NEOs are eligible to participate in our health and welfare programs and our 401(k) plan on the same basis as our other employees. We also provide for severance and change in control benefits, which aid in attracting and retaining executive talent and help executives to remain focused and dedicated during potential transition periods due to a change in control. Each of these elements of compensation for 2018 is described further below.

Base Salary

Base salaries provide our NEOs with a reasonable degree of financial certainty and stability. Our Compensation Committee annually reviews and determines the base salaries of our executives and evaluates the base salaries of new hires at the time of hire. In March 2018, our Compensation Committee (or our Board of Directors, with respect to our CEO) approved increases of approximately 4-4.5% for each of Mr. Lanfear and Drs. Viret and Finck and an increase of 4.5% for Mr. Anicetti, effective January 1, 2018. Additionally, Mr. Anicetti was promoted to Chief, Quality and Compliance Officer in March 2018 and received a 5% salary increase concomitant with this promotion, and further promoted to Chief Operating Officer in May 2018 and received a salary increase of 5% in conjunction with this promotion. These increases were approved following consideration of comparison to peer group salary increases and individual performance, and in Mr. Anicetti's case, the increased responsibilities of his new role and individual performance. Dr. Vexler's initial 2018 base salary of \$367,500, representing an increase of 4.5% over his 2017 base salary, was also approved by our Compensation Committee in March 2018; however, in connection with Dr. Vexler's promotion to Chief Scientific Officer in November 2018, the Board approved further increasing his base salary to \$385,000.

The table below shows our NEOs' 2017 annual base salaries and 2018 annual salaries following such determinations.

| <u>Name</u> | <u>2017 Annual Base Salary</u> | <u>2018 Annual Base Salary</u> |
|----------------------------|--------------------------------|--------------------------------|
| Dennis M. Lanfear | \$595,000 | \$621,775 |
| Jean-Frédéric Viret, Ph.D. | \$395,000 | \$412,775 |
| Barbara Finck, M.D. | \$427,875 | \$445,000 |
| Vincent Anicetti | \$365,000 | \$420,500 |
| Vladimir Vexler, Ph.D. | \$350,000 | \$385,000 |

Annual Performance-Based Incentive Compensation

Our annual performance-based bonus program is designed to motivate our executives to meet or exceed company-wide short-term performance objectives. Our annual bonus program provides for the payment of cash

[Table of Contents](#)

bonuses based on each NEO's target annual bonus and our overall achievement of corporate performance objectives.

The Company maintains a team-based approach to target bonuses, in which employees at the same level are eligible to receive the same target bonus as a percentage of base salary. These levels remained the same as in 2017. Thus, for 2018, our CEO's target bonus was 100% of his base salary and our other NEOs' target bonuses were 50% of their respective base salaries. Mr. Anicetti's and Dr. Vexler's target bonuses were initially set at 40% of base salary consistent with their Executive Vice President roles, but were increased to 50% of base salary in connection with their promotions to C-level positions during 2018, consistent with our other C-level executives.

Under our annual bonus program, corporate goals and performance targets are reviewed and approved by the Compensation Committee, which gives its recommendations to the Board of Directors. For fiscal year 2018, following recommendation from our Compensation Committee, our Board of Directors approved 37 performance goals in the nine clinical and operational areas set forth below, each of which could be achieved at threshold, target and stretch goals of 75%, 100% or 125%, respectively. Given that certain of our corporate goals are related to our business strategy or are goals shared with partners, and thus are highly confidential, we do not publicly disclose them. We believe their disclosure would provide our competitors, customers and other third parties with significant insights regarding our confidential business strategies that could cause us substantial competitive harm. These goals were set by our Board of Directors at a level our Board of Directors and Compensation Committee determined would require substantial effort to be achieved, such that the goals would not be expected to be achieved with average or below average performance.

In January 2019, the Compensation Committee reviewed our 2018 performance under our corporate goals and the Board of Directors determined, after reviewing the recommendations from the Compensation Committee, overall corporate achievement under our annual bonus program of 96.43%. The areas of our corporate goals, their corresponding weights, and our actual achievement for 2018 are set forth in the table below.

| Corporate Goal Performance Area | Weighting (%) | Actual Achievement (%) | Weighted Achievement (%) |
|---|----------------------|-------------------------------|---------------------------------|
| CHS-1701 commercial production supply | 20 | 107.3 | 21.46 |
| CHS-1701 launch readiness | 20 | 105.2 | 21.04 |
| CHS-1701 FDA biologics license resubmission and European Commission approvals | 20 | 100.0 | 20.00 |
| CHS-131 | 10 | 58.8 | 5.88 |
| CHS-1420 | 7.5 | 85.6 | 6.42 |
| Ophthalmology franchise | 5 | 75.0 | 3.75 |
| Finance | 5 | 101.4 | 5.07 |
| Legal | 7.5 | 99.3 | 7.45 |
| Organizational effectiveness | 5 | 107.2 | 5.36 |
| Total | 100 | | 96.43 |

In light of the extraordinary efforts and accomplishments made by the management team with respect to the launch of UDENYCA® (pegfilastim-cbqv) and the completion of the Company's financing with HealthCare Royalty Partners in the fourth quarter of 2018 and the first two weeks of 2019, the Compensation Committee and Board determined to approve bonus payouts at 100% of target. At each NEO's election, such bonuses were paid, net of withholding taxes, in fully vested shares of the Company's common stock issued under our 2014 Equity Incentive Award Plan with the number of shares issued calculated by dividing the earned bonus amount, less required withholding taxes, by \$12.37, the per share closing trading price of our common stock on January 11, 2019.

The dollar values of the portion of our NEOs' 2018 annual bonuses based on our corporate achievement of 96.43% are set forth in the column entitled "Non-Equity Incentive Plan Compensation" in the "2018 Summary

[Table of Contents](#)

Compensation Table” below. The dollar values representing the portion of the bonus that resulted in an overall payout of 100% of target (as converted to shares of common stock) are set forth in the column entitled “Bonus” in the “2018 Summary Compensation Table” below.

Equity-Based Long-Term Incentive Awards

Our Compensation Committee believes it is essential to provide equity-based compensation to our executive officers in order to link the interests and risks of our executive officers with those of our stockholders, reinforcing our commitment to ensuring a strong linkage between company performance and pay. In 2018, we granted all equity-based compensation to our NEOs in the form of stock options pursuant to our 2014 Equity Incentive Award Plan, which we believe effectively align the interests of our executives with those of our stockholders because our NEOs will realize no value in their stock options in the event they fail to increase stockholder value over the term of their options. In determining the size of the annual stock option grants made to our NEOs in February 2018, our Compensation Committee considered the performance of our NEOs in 2017, the level of each NEO’s responsibilities, and the option awards that were granted in 2017.

In February 2018, our Board of Directors made the following grants of stock options to our NEOs:

| Name | Number of Shares Underlying Stock Options (#) |
|----------------------------|--|
| Dennis M. Lanfear | 400,000 |
| Jean-Frédéric Viret, Ph.D. | 130,000 |
| Barbara Finck, M.D. | 130,000 |
| Vincent Anicetti | 75,000 |
| Vladimir Vexler, Ph.D. | 75,000 |

These stock option awards vest monthly over four years from the date of grant, subject to the NEO’s continued service through each applicable vesting date.

In addition, we made promotional grants to each of Mr. Anicetti and Dr. Vexler in 2018. In March 2018, we granted to Mr. Anicetti an option to purchase 25,000 shares of common stock in connection with his promotion to Chief, Quality and Compliance Officer, and in May 2018, we granted to Mr. Anicetti an additional option to purchase 50,000 shares of our common stock in connection with his promotion to Chief Operating Officer and pursuant to which he assumed all responsibilities for commercial manufacturing and commercial product quality. In November 2018, we granted to Dr. Vexler an option to purchase 35,000 shares of common stock in connection with his promotion to Chief Scientific Officer. Each of these options vests monthly over four years from the date of grant, subject to the executive’s continued service through each applicable vesting date.

Retirement Savings, Health and Welfare Benefits

Our NEOs participate in our company-sponsored benefit programs on generally the same basis as other salaried employees, including a standard complement of health and welfare benefit plans and a 401(k) plan, which is intended to qualify under Section 401(k) of the Code. Under the 401(k) plan, employees may elect to contribute up to a maximum of 90% of his or her salary, not to exceed the contribution amount allowed by the IRS.

Perquisites and Other Personal Benefits

We provide only limited perquisites and personal benefits to our NEOs, including health club membership dues, and for our CEO, concierge physician services. Such benefits are intended to attract and retain qualified talent, reward long standing service to us and to promote the physical health of our executives. We do not view perquisites or other personal benefits as a significant component of our executive compensation program. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe

it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective or for recruitment, motivation, recognition or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved by the Compensation Committee.

Severance and Change in Control Arrangements

We maintain an Executive Change in Control and Severance Plan that provides for severance benefits and payments upon certain involuntary terminations, including in connection with a change in control. Our Compensation Committee believes that severance and change in control protections are necessary to attract and retain executive talent and are a customary component of executive compensation. In particular, such protections can serve to mitigate a potential disincentive for our NEOs when they are evaluating a potential acquisition of the Company and can encourage retention through the conclusion of the transaction. The severance benefits provided are designed to provide our NEOs with treatment that is competitive with market practices. A description of these arrangements, as well as information on the estimated payments and benefits that our NEOs would have been eligible to receive as of December 31, 2018 are set forth in “*Potential Payments Upon Termination or Change in Control*” below.

Other Policies and Considerations

Derivatives Trading, Hedging, and Pledging Policies. Our Insider Trading Policy provides that no officer, director, employee or consultant, or any immediate family member or any member of the household of any such person, shall purchase or sell any type of security while in possession of material, non-public information relating to the security, whether the issuer of such security is the Company or any other company. This prohibition includes any interest or position relating to put options, call options or short sales, or engaging in hedging transactions. In addition, our Insider Trading Policy provides that no employee, officer or director may pledge Company securities as collateral to secure loans. This prohibition means, among other things, that these individuals may not hold Company securities in a “margin” account, which would allow the individual to borrow against their holdings to buy securities.

Deductibility of Compensation. Section 162(m) of the Code disallows the deductibility of compensation expenses in excess of \$1,000,000 to any “covered employee” within a taxable year. Prior to the Tax Cuts and Jobs Act of 2017, covered employees generally consisted of our Chief Executive Officer and each of the next three highest compensated officers serving at the end of the taxable year other than our Chief Financial Officer, and compensation that qualified as “performance-based” under Section 162(m) was exempt from this \$1 million deduction limitation. As part of the Tax Cuts and Jobs Act of 2017, the ability to rely on this exemption was, with certain limited exceptions, eliminated; in addition, the definition of covered employees was expanded to generally include all named executive officers. While our Board of Directors and Compensation Committee may take the deductibility of compensation into account when making compensation decisions, we believe that maintaining the discretion to provide compensation to our executive officers that is non-deductible allows us to provide compensation tailored to the needs of our Company, which is an important part of our responsibilities and benefits our stockholders.

Nonqualified Deferred Compensation. The Compensation Committee takes into account whether components of the compensation for our executive officers will be adversely impacted by the penalty tax imposed by Section 409A of the Code, and aims to structure these components to be compliant with or exempt from Section 409A to avoid such potential adverse tax consequences.

“Golden Parachute” Payments. Sections 280G and 4999 of the Code provide that certain executive officers and other service providers who are highly compensated or hold significant equity interests may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that we, or a successor, may forfeit a deduction on the amounts subject to

[Table of Contents](#)

this additional tax. We do not provide any executive officer, including any NEO, with a “gross-up” or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G or 4999.

Accounting for Share-Based Compensation. We follow Financial Accounting Standard Board Accounting Standards Codification Topic 718, (“ASC Topic 718”), for our share-based compensation awards. ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options and restricted stock units, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their share-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other award.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC, and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement for the 2019 Annual Meeting and incorporated by reference in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

- (1) For 2018, we achieved our corporate goals at 96.43% under our 2018 annual bonus plan. In recognition of our executives' extraordinary efforts on certain key strategic matters, the Compensation Committee and Board approved bonus payouts based on 100% achievement of our corporate goals. Amounts in the "Non-Equity Incentive Compensation Plan" column for 2018 represent the portion of the annual bonuses awarded to our NEOs based on achievement of our corporate goals at 96.43%. Amounts in the "Bonus" column for 2018 represent the additional portion of the annual bonuses that resulted in an overall payout at 100% of target. Each of our NEOs elected to receive their bonuses, net of required tax withholdings, paid in fully vested shares of common stock issued under our 2014 Equity Incentive Award Plan instead of cash with the number of shares determined by dividing the earned bonus amount, less required tax withholdings, by \$12.37, the closing trading price per share of our common stock on January 11, 2019.
- (2) These amounts represent the grant date fair value of the options granted to our NEOs during 2018 as computed in accordance with ASC 718. The assumptions used in calculating the grant date fair value are set forth in Note 10 to the audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

- (2) This option vests and becomes exercisable as to 1/5th of the total number of shares subject to the option in yearly installments over five years measured from the vesting commencement date, subject to continued service through the applicable vesting date.
- (3) This option vests as to 50% of the total number of shares subject to the option on the first anniversary of the vesting commencement date, then 25% of the total number of shares subject to the option after 18 months of the vesting commencement date and last 25% after 24 months of the vesting commencement date.

Option Exercises and Stock Vested

The following table summarizes the stock options exercised during the year ended December 31, 2018, and the value realized upon exercise by our NEOs. Our NEOs did not hold any stock awards that vested during the year ended December 31, 2018.

| Name | Option Awards | |
|----------------------------|---|---------------------------------------|
| | Number of Shares Acquired on Exercise (#) | Value Realized Upon Exercise \$(1) |
| Dennis M. Lanfear | — | — |
| Jean-Frédéric Viret, Ph.D. | 740 | 1,813 |
| Barbara Finck, M.D. | 7,040 | 108,638 |
| Vincent Anicetti | — | — |
| Vladimir Vexler, Ph.D. | — | — |

- (1) The value realized equals the excess of the sale price or our closing stock price on the date of exercise over the option exercise price, multiplied by the number of shares for which the option was exercised.

Potential Payments Upon Termination or Change in Control

In April 2017, our Compensation Committee adopted an Executive Change in Control and Severance Plan (the “Severance Plan”), in which all of our NEOs participate. The Severance Plan provides for the payment of severance and other benefits in the event of a termination of employment by the Company other than for “cause” or by the executive’s “constructive termination” (each as defined in the Severance Plan and each such termination, a “Covered Termination”).

In the event of a Covered Termination of an NEO other than during the 12-month period following a “change in control” (as defined in the Severance Plan), the Severance Plan provides for the following payments and benefits to such NEO, subject to the NEO’s delivery to the Company of a general release of all claims against the Company and its affiliates (a “Release”): (i) continued payment of the NEO’s base salary during a specified period (the “Severance Period”), which is 24 months in the case of our CEO and 12 months in the case of our other NEOs; (ii) payment or reimbursement of healthcare premiums until up to the last day of the Severance Period; and (iii) vesting of the NEO’s outstanding equity awards to the same extent such equity awards would have vested had the NEO remained employed by the Company during the Severance Period.

In the event of a Covered Termination of an NEO during the 12-month period following a change in control, the Severance Plan provides for the following payments and benefits, subject to the NEO’s delivery to the Company of a Release: (i) an amount equal to the base salary the NEO would have received during the Severance Period, payable in a cash lump sum; (ii) payment or reimbursement of healthcare premiums until up to the last day of the applicable Severance Period; and (iii) full accelerated vesting of all outstanding equity awards.

[Table of Contents](#)

The Severance Plan also includes parachute payment “best pay” provision, under which payments and benefits will either be made to the NEO in full or as to such lesser amount as which would result in no portion of the payments and benefits being subject to an excise tax under Section 280G of the Code, whichever of the foregoing amounts is greater on an after-tax basis.

The following table shows the payments and benefits that would be made to our NEOs under the Executive Change in Control and Severance Plan, assuming a qualifying termination or a qualifying termination following a change in control occurred on December 31, 2018.

| Qualifying Termination in Connection with a CIC | 385,000 | 24,013 | — | 409,013 |

- (1) Amounts shown assume that all stock options for which vesting is accelerated would be exercised immediately upon termination of employment. No amounts are shown in this column, as all of our NEOs’ unvested options had no intrinsic value as of December 31, 2018.
- (2) Amounts shown are the maximum potential payment the NEO would have received as of December 31, 2018. Amounts of any reduction pursuant to the parachute payment best pay provision, if any, would be calculated upon actual termination of employment.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing information about the relationship of the annual total compensation of our employees and the annual total compensation of our CEO. For 2018, our last completed fiscal year, the total compensation in 2018 of our CEO was approximately 15.0 times the median total compensation in 2018 of all of our other employees. The median of the annual total compensation of all employees of our Company (other than our CEO) was \$261,729, and the annual total compensation of our CEO was \$3,919,771, as included in the “Summary Compensation Table” above.

The Company chose December 31, 2018 as the date for establishing the employee population used in identifying the median employee and used 2018 as the measurement period. We identified the median employee using a consistently applied compensation measure equal to the sum of (i) the annual base salary in effect as of December 31, 2018 for all permanent employees and all base salary earned during 2018 for all temporary employees and (ii) the target bonus as of December 31, 2018 for all employees. We captured all U.S. employees as of December 31, 2018, consisting of approximately 144 individuals.

The annual total compensation of the median employee and the annual total compensation of the CEO were calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

Compensation Risk Assessment

Consistent with the SEC's disclosure requirements, we have assessed our compensation programs for all employees. We have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Management has evaluated our executive and employee compensation and benefits programs to determine if these programs' provisions and operations create undesired or unintentional risk of a material nature. The risk assessment process includes a review of program policies and practices; analysis to identify risks and risk controls related to our compensation programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, the effectiveness of our risk controls and the impacts of our compensation programs and their risks to our strategy. Although we periodically review all compensation programs, we focus on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In relation to this, we believe that our incentive compensation arrangements provide incentives that do not encourage risk taking beyond our ability to effectively identify and manage significant risks and are compatible with effective internal controls and our risk management practices.

The Compensation Committee monitors our compensation programs on an annual basis and expects to make modifications as necessary to address any changes in our business or risk profile.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules known as "householding" that permit companies and intermediaries (such as brokers) to deliver one set of proxy materials to multiple stockholders residing at the same address. This process enables us to reduce our printing and distribution costs, and reduce our environmental impact. Householding is available to both registered stockholders and beneficial owners of shares held in street name.

Registered Stockholders

If you are a registered stockholder and have consented to householding, then we will deliver or mail one set of our proxy materials, as applicable, for all registered stockholders residing at the same address. Your consent will continue unless you revoke it, which you may do at any time by providing notice to the Company's Corporate Secretary by telephone at (650) 463-4693 or by mail at 333 Twin Dolphin Drive, Suite 600, Redwood City, California 94065. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of our proxy materials to a stockholder at a shared address to which a single copy of the documents was delivered.

If you are a registered stockholder who has not consented to householding, then we will continue to deliver or mail copies of our proxy materials, as applicable, to each registered stockholder residing at the same address. You may elect to participate in householding and receive only one set of proxy materials for all registered stockholders residing at the same address by providing notice to the Company as described above.

Street Name Holders

Stockholders who hold their shares through a brokerage may elect to participate in householding, or revoke their consent to participate in householding, by contacting their respective brokers.
